GAFM Regional Training
September 25th in Albany
or
September 26th in Perry

Floodplain Administrators, Engineers, Surveyors, Builders, Building, Planning and Public Works staff, CRS Coordinators, Real Estate Developers, Architects and Realtors:

The Georgia Association of Floodplain Managers (GAFM) will be holding regional training sessions this fall. The Central and Southwest GAFM regions are working together to hold the same sessions over two days to enable attendees to choose between the two sessions.

CECs of one credit per training hour will be provided to CFMs in attendance.
AICP credit will also be applied for. Training qualifies for PDH Hours.

The agenda for these regional conferences will cover:

- The Biggert-Waters Flood Insurance Reform Act (NFIP staff);
- Elevation Certificate workshop; FEMA Form 086-0-33, dated 7/12, will be mandatory as of 8/1/13 (NFIP staff);
- Overview of the U.S. Army Corps of Engineers Savannah District Regulatory Division; wetlands jurisdictional determinations, regulations and permitting, mitigation banking (Army Corps staff);
- Erosion and Sedimentation Control Regulations and Permitting (GA EPD staff)
